

MARY BAKER EDDY FALLS  
BEFORE LAST GREAT FOENINETY YEARS OF  
LIFE IS NOW  
ENDEDFounder of Christian Science  
Removed From Earthly  
LeadershipDEATH RESULTED FROM  
ATTACK OF PNEUMONIAFuneral of Famous Leader Will  
be Held on Thursday From  
Her Home

BOSTON, Dec. 5.—The funeral of Mrs. Mary Baker Eddy will be held from her late residence Thursday morning. The services will be private. Only members of the family and Christian Science leaders will be present. The place of interment has not been announced.

Those in charge of the funeral are undecided whether the members of the mother church of Boston will be permitted to pass the bier and view their leader's face for the last time. Many of the members have expressed a desire to do so, but those in charge feel it would be a violation of Mrs. Eddy's request for simplicity.

MRS. EDDY'S SON ENROUTE  
TO MOTHER'S FUNERAL

BOSTON, Dec. 5.—A million Christian Scientists throughout the country today are mourning the death of Mary Baker G. Eddy, the "mother and leader" of their cult.

Although preliminary arrangements for the funeral are being made, the final plans will not be formed until the arrival of Mrs. Eddy's son, George W. Glover, who is en route, with his two children, from Deadwood, South Dakota.

WORLD WIDE FAMOUS  
LEADER PASSES AWAY

BOSTON, Mass., Dec. 5.—Mrs. Mary Baker G. Eddy, founder of Christian Science, died late Saturday night of old age at her home on Beacon street, Chestnut Hill. She was in her 90th year, having celebrated her 89th birthday on July 16 last.

The end came peacefully at 10:45 o'clock, so quietly that Mrs. Eddy's most intimate followers who stood at her bedside thought she had fallen into a calm sleep. The last written words of the mother of the Christian Science Church, penned as a message to her disciples, were "God is my life." The death of Mrs. Eddy, according to the certificate of the medical examiner, was due to pneumonia which followed a slight cold contracted on one of her daily drives through the grounds of her Chestnut Hill home. It is believed a drive of last Thursday night had aggravated the cold she caught a little over a week ago. Mrs. Eddy had been indisposed about nine days, but she did not take to her bed until Friday night. She never rose after that. She ate her meals regularly until Saturday night, when her supper was served while she lay in bed. She was in possession of all her faculties until the very end. Yesterday the body lay in state all day and last night in the large room on the ground floor of her home at Chestnut Hill. Only the leaders in the church were permitted to take a last look at her face.

The estate left by Mrs. Mary Eddy probably will exceed \$1,500,000. It consists of real estate in Newton, "Pleasant View," her former home in Concord, N. H., copyrights on her books and publications and about \$1,000,000 in municipal and state bonds.

It is known that she made a will, and that it is in existence, but no hint as to its contents ever has been given.

Many believe that the entire estate will be given to the church. There will be no contest of the will, steps to prevent this having been taken when Mrs. Eddy settled the claims of her son and adopted son. They agreed to be satisfied with the amounts given them and not to contest the will. As Mrs. Eddy always considered herself a legal resident of New Hampshire, the will must be probated in Merrimack county, of which Concord, where Mrs. Eddy lived so long, is the county seat. The New Hampshire tax would be 5 per cent.

RUMOR THAT MRS. STETSON  
WILL LEAD IS DENIED

NEW YORK, Dec. 5.—Rumors that Mrs. Augustus Stetson would seize the opportunity of Mrs. Eddy's demise to attempt to secure the leadership of the Christian Science church was denied by Scientists here today. Mrs.

HOW CHURCHMEN VIEW  
MRS. EDDY'S DEATH

CHICAGO, Dec. 5.—Protestant churchmen of national renown commented today as follows on Mrs. Eddy's death:

Bishop Clarence Edward Cheney, of the Reformed Episcopal church: "I always believed that when Mrs. Eddy died a struggle for the leadership of her church would follow. I believe Christian Science will not survive its founder many years. Its teachings are repugnant to scripture."

Bishop Samuel Fallows, Reformed Episcopal church: "No one will take Mrs. Eddy's place. The church will probably be managed by committees, and the personal element will be lacking."

Jenkins Lloyd Jones, Independent: "The vitality of Mrs. Eddy's message will now have its supreme test."

Stetson refused to comment on the report. Christian Scientists throughout the city are mourning the death of the founder of their belief today. All assert there will be no change of management, or in the attitude of the church.

JOSEPH WENDLING  
TO ASK NEW TRIAL

Will Appeal if Denied—St. John's Church Must Now be Re-consecrated

LOUISVILLE, Ky., Dec. 5.—Following the conviction of Joseph Wendling for the murder of Alma Kellner, aged eight years, and his sentence of life imprisonment, his attorneys announced today that they will probably move for a new trial. If the motion is denied, an appeal will be taken.

In accordance with the rules of Catholicism, St. John's church, in the basement of which the body of Alma Kellner, Wendling's victim, was found, will be reconsecrated.

PICKPOCKET IS TO  
GO TO MISSOURI

Man Who Jumped Bail Here Will be Taken to Eastern Penitentiary

One of a trio of pickpockets arrested when Barnum &amp; Bailey's circus was here and who put up \$100 bail has been arrested in Los Angeles. The man gave the name of Glenn when taken here. He never showed up after giving bail. The Los Angeles officers who have him in charge, have learned that he is wanted by the Missouri authorities, from which he escaped or by which he was given parole. He will be held for the Missouri authorities.

When Glenn left here he left a suit-case, containing a variety of hats and neckties. City Marshal Edwards today expressed the property to the chief of police of Los Angeles.

EMPLOYERS LIABILITY  
LAW IS SWEEPING ONE

PHOENIX, Dec. 5.—A proposition providing for an employers' liability law was adopted today by the constitutional convention. It provides no limit for the amount of damages that may be rendered. A compulsory compensation scheme providing for personal injury is included in the proposition.

EX-JUSTICE MOODY  
IS CRITICALLY ILL

WASHINGTON, Dec. 5.—Justice William R. Moody has failed in health since he retired from the Supreme bench two weeks ago and is critically ill at his home in Washington. He has grown much worse since his return here from Gloucester, Mass., in the autumn and his friends are much alarmed over his condition.

Justice Moody, who will be 50 years old on December 23, was retired by congress by special act upon full pay of \$12,000 a year.

## WEATHER FORECAST

Fair tonight and Tuesday. Light west wind.

ELKS LODGE OF SORROW  
OBSERVED LAST NIGHT

Elks' Hall was comfortably filled last night by an interested audience of Elks and their families and friends, who had gathered to participate in the annual observance of the Elks' "Lodge of Sorrow," a time set apart when the members of that great fraternity cast aside the cares and troubles of the work-a-day world and pay a fitting tribute to the memory of their deceased brothers.

This is a custom observed by every lodge of Elks throughout the land, and its annual recurrence here has always been marked by fitting ceremonies. Last night's program was in conformity with a general plan laid down for such occasions, but better talent could scarcely have been selected.

The opening ceremonies were performed by the officers of the lodge according to their ritualistic rites. A solo, "Face to Face," by Mr. Phillips, was followed by the invocation

by the chaplain, J. L. Moore. The eulogy was pronounced by Clyde Bishop, and was a masterpiece of eloquence. The address of the evening was delivered by Rev. H. E. Murrell, who took for his subject, "The Spirit of Man." It was a scholarly effort, the speaker clearly outlining the evolutions of the different races and peoples, the development of civilization and the wonderful achievements of science from ancient Greece to the present day.

Prof. Allan A. Revell accompanied Mr. Phillips on the piano, and also rendered a piano solo which delighted his hearers.

Another solo by Mr. Phillips, and the closing ceremonies by the officers of the lodge, concluding with the invocation of the divine blessing and the singing of the Doxology, brought the impressive services to a close.

Shoulder Broken When  
Auto Went Over Him

A. R. Rowley had a narrow escape from death yesterday when he was knocked off his bicycle and was run over by an automobile. One of the bones of his right shoulder joint was severely strained. He received other minor injuries.

Mr. Rowley was going west on Fourth street. His son was with him, both mounted on bicycles. After they had reached a point west of Broadway, an automobile came up behind them, and its horn was tooted vigorously.

Rowley turned to the left and his son to the right, to let the automobile have the right side of the street. Just as he had turned out, Rowley's bicycle was struck from behind, and Rowley was thrown down, and the machine passed over him. The auto stopped almost immediately.

A. W. Rutan took the injured man into his automobile and carried him to a physician's office. As yet Mr. Rowley has been unable to learn the name of the man whose automobile struck him.

Secretary of Navy Makes  
Highly Sensational Report

WASHINGTON, D. C., Dec. 5.—A shock such as has seldom been felt in Naval circles followed the publication today of the annual report of Secretary of the Navy Meyer, in which he proposed the abolition of the navy yards at New Orleans, Pensacola, San Juan, Port Royal, New London, Sackett's Harbor, Culebra and Cavite. By the elimination of these seven yards Meyer said that he removed an average annual expense for maintenance of \$1,672,475. He declared that during the last five years very little useful work had been done in any of the yards named.

One new navy yard is indefinitely suggested for San Francisco Bay. Following a discussion of the limitations of the yards at Mare Island and Bremerton, Meyer said:

"I conclude that it will be necessary to establish a docking and repair station on San Francisco Bay in some locality yet to be selected. Such a repair station should include one or more docks of the largest size for taking our largest existing and contemplated battleships."

On the other hand Meyer recommends the further development of the Bremerton yards and enlargement of the channel at Mare Island "in view of the fact that a fleet at some time after the opening of the Panama Canal may be based in the Pacific ocean."

Discussing navy yards in general the Secretary said:

"The United States has over twice as many first class home navy yards as has Great Britain with a navy at least double the size of ours and we have one more navy yard of the second class than Great Britain has. In other words we have in all 11 first and second class navy yards in the United States, while Great Britain has but 6 of the same kind. Germany has 3 and France 5."

The Secretary recommends the abandonment of the yards at New Orleans and Pensacola on the ground that they are strategically unnecessary. The Key West station, however, is to be retained, owing to its geographic situation as a base of supply and the fact that it supplements the naval base at Guantanamo.

As to the yards along the Atlantic coast Meyer declares the Port Royal (S. C.) dry dock unapproachable for battleships or cruisers except at an unjustifiable expense, and the Charleston (S. C.) dock useless for the same character of vessels owing to the rapidity with which it fills with debris. Since the Portsmouth, Boston, New York, Philadelphia and Norfolk yards have accessible dry docks for battleships and efficient repair facilities, Meyer believes it hardly advisable to give them up.

Recommendation is made for an appropriation of \$25,000 with which to conduct experiments covering the use of the aeroplane for naval reconnaissance. Commenting on the flight made by Eugene Ely from the deck of the

scout cruiser Birmingham Meyer said: "This experiment and the advances which have been made in aviation seemed to demonstrate that the aeroplane is destined to perform some part in the naval warfare of the future. It appears likely that this will be limited to scouting. A scout which is not strong enough to pierce the enemy's lines can get as near as possible and then send an aeroplane 30 or 40 miles, obtain valuable information and then return to the scout. Even if the aviator did not land on the scout he could be brought on board and deliver his information. The loss of an aeroplane would be of no moment, as the ship may easily carry others. The distinct value of service of this kind is easily seen."

The department contemplates further experiments along these lines with the belief that it will be necessary in the near future to equip all scouts with one or more aeroplanes to increase the distance at which information can be secured."

A saving of \$4,300,000 in the estimates for the next fiscal year for the Navy Department is indicated by the Secretary—the second year of curtailment. Notwithstanding this economy in the past, the Secretary declares there has been an increase in the sea-keeping ability of the fleet of 15 per cent; an increase of 5 per cent in the average speed, of 20 per cent in the cruising speed and an increase of 16 per cent in machinery horsepower.

Despite this latter item and the greater mileage of cruising, the cost of fuel used in the navy has decreased \$2,000,000. Singularly enough this decrease is more apparent during the latter half of last year than during the former, notwithstanding it was in the second half that most of the cruising occurred. The cost of maintenance for each ship in commission has shown a decrease over the year before of \$20,000.

The Secretary asks congress for legislation establishing the present Meyer reorganization scheme. His recommendations in this respect, however, occasioned surprise in many circles owing to their being less than was expected. It was believed that Meyer would request that the naval aides, who are line officers and replace the old civilian bureau chiefs, be given further executive power.

INSURGENTS ARE STILL  
DRILLING FOR CONFLICT

EL PASO, Tex., Dec. 5.—Dispatches today describe the gathering and drilling of increasing bodies of insurgents near Chihuahua. The Federal troops there anticipate an engagement momentarily.

The Chihuahuan people are reported as sympathizing with the rebels. They refuse to supply the loyal troops with food and water. No fighting has been reported today.

OCEANSIDE IS  
LOOKING TO  
A SUGAR  
PLANTExperiments Growing Beets to  
be Made on Santa Mar-  
garita RanchRICH RIVER BOTTOM  
IS LIKELY GROUNDSuccess of Venture Will Prob-  
ably be Followed by Build-  
ing Factory

OCEANSIDE, Dec. 5.—With Oceanside as the center of operations it is possible that San Diego county may be a close second in the sugar beet industry to energetic little Orange county, which adjoins it on the north. This year Orange county, which is one of the smallest in the state, produced \$2,000,000 worth of sugar. This year another sugar factory is to be erected at Huntington Beach, and another near Santa Ana in 1912, making the fourth in the county and giving reason to predict that the sugar output of the county will reach the \$4,000,000 mark soon.

Although it has been known for a long time that sugar beets could be successfully grown in the rich bottom land of the San Luis Rey valley, and on the fertile acres of the valleys in the big Santa Margarita ranch, just north of Oceanside, very little of it has been done, the product having been used for cattle feed.

But now the industry is to be put to a practical test, the decision having been reached to plant 250 acres on the Santa Margarita grant—150 acres by J. Dunn and 100 acres by Jerome O'Neill, owner of the ranch. The beets are to be shipped to the factory at Santa Ana. The result of the venture will be watched with interest.

If it should prove successful, as seems reasonably sure, it is probable that a beet sugar factory may be located in Oceanside, possibly in the San Luis Rey valley, into which the Santa Fe will be asked to place a spur track for shipping purposes.

Chamber of Commerce Busy  
The matter of ascertaining what financial encouragement could be given by Oceanside people in the matter of a sugar factory was recently taken up with the chamber of commerce and is still pending.

Horticultural Inspector T. V. Dodd says that the soil of the San Luis Rey valley and that of portions of the San Margarita ranch is undoubtedly favorable to the growing of beets, and he hopes to see the sugar industry established here.

The planting of the 250 acres of beets on the Santa Margarita ranch is on the rich sub-irrigated lands between the ranch house and Ysidora.

FISH TRUST MEN  
FINED \$250 EACHFrisco Judge Fined Lightly As  
Dealers Were But Tools of  
"Higher Ups"

SAN FRANCISCO, Dec. 5.—Eight fish dealers, members of the so-called San Francisco fish trust, were fined two hundred and fifty dollars each by Judge Cabanis of the superior court, for violation of the restraint-of-trade law.

The eight men who were convicted and sentenced, were the least important of the alleged combine. Seventeen others escaped punishment through a technicality, having testified before a legislative investigating committee, which made them immune.

The maximum penalty of the violation of the law is \$5000. Judge Cabanis made the fine light, he said, because he believed those fined were only tools of the men who escaped.

STORMS DO DAMAGE IN  
PHILIPPINE DISTRICTS

MANILA, Dec. 5.—Twenty-five lives were lost and property valued at \$300,000 was destroyed by severe storms which swept Mindanao and Zamboanga. It is believed the property loss and number of victims will be augmented when details are received from the other districts.

BANNER FOR DEAD  
STRIKER, "SHOT BY  
BOSSES-WHO NEXT?"

CHICAGO, Dec. 5.—Crying banners bearing the inscription: "Shot by bosses! Who will be next?" five thousand striking garment makers marched today behind the coffin of Charles Lascinkas, the striker shot during the alleged assault upon policemen guarding strikebreakers. The authorities took precautions to prevent a demonstration while the immense funeral was passing, and there was no violence.

The strikers called a mass meeting this afternoon to vote on peace proposals submitted by their employers through Mayor Busse.

CHRISTMAS TRADE  
HALTED BY STRIKEDrivers of Delivery Wagons of  
Big Chicago Department  
Stores Quit Work

CHICAGO, Dec. 5.—Three hundred department store delivery wagon drivers struck today. With Christmas shopping at its height, a tie-up is threatened.

Violence was reported at several places where strike-breakers were employed. The strikers, armed with long knives, stopped the strikebreakers' wagons, cut the horses from the harness and turned them loose. Extra police officers were detailed in the retail section.

The drivers demand uniform wage rate of eighteen dollars. They now receive twelve to fifteen dollars.

"CALIFORNIA" WENT  
AGROUND IN BAYLater Floated Unharmd—Ship  
Thought to Have Been Out  
of Her Course

SAN DIEGO, Dec. 5.—The cruiser California which grounded in the harbor entrance today, was floated at 11 o'clock this morning. It was announced that she was unhurt. Liners of greater draught than this cruiser have often entered the harbor, therefore the harbor authorities allege the ship must have been out of her regular channel.

CRUISER GROUNDING WHILE  
SEEKING TO LEAVE HARBOR

SAN DIEGO, Dec. 5.—The cruiser California, the flagship of the second division of the Pacific coast cruiser fleet, grounded this morning while leaving San Diego harbor. It went on the mud at high tide, but experts declare the cruiser is not in serious danger.

The California entered the inner harbor yesterday. She was the first large warship to attempt the feat of threading the shallow channel.

At quarantine station it was declared that the California lost her course, and that there is sufficient deep water in the proper channel. Her position is near North Island.

AMATEUR AVIATOR  
DASHED TO DEATHWalter Archer Falls 700 Feet  
on Rocks While in First  
Flight Near Denver

DENVER, Dec. 5.—Walter Archer, an amateur aviator, made an ascent of 700 feet in a heavier than air machine near here yesterday. Then he dropped with the speed of a plummet and was dashed to death on a pile of rocks.

Young Archer, who was only 17, was the son of H. J. Archer, a miner. He had been working secretly on his device for some time. Only his mother knew of his operations until he suddenly soared into the air from a point in the hills near the power plant of the electric light company.

FORTY INJURED IN  
ENGLISH DISASTER

LONDON, Dec. 5.—A collision on the London and North-western railroad near Wilton Junction resulted in serious injury to forty persons. Many were fatally hurt.

SIXTY FIRST  
CONGRESS  
OPENED  
TODAYUsual Procedure Witnessed by  
a Gallery Full of  
SpectatorsSESSION THOUGH SHORT  
WILL BE STRENUOUS ONEForensics and Appropriations  
to be Chief Features Be-  
sides Messages

WASHINGTON, Dec. 5.—The second regular session of the sixty-first Congress began at noon today, while a snow storm gripped the capital. There was only a meager attendance when the speaker's gavel fell in the House, and Vice President Sherman called the Senate to order. Only the perfunctory routine of business was transacted in either house before the committees were named to wait on President Taft to make the formal announcement that the session had begun.

The galleries were packed with handsomely robed women. When the blind chaplain, Rev. Henry Conden, of the lower house arose in the opening prayer, every gallery was filled.

Prayer by Chaplain Pierce of the Senate, preceded the roll call. Members of both houses then paid tribute to those deceased during the congressional recess.

After eighteen minutes session the Senate completed its labors and adjourned. The House was in session forty-six minutes, adjourning at 12:46.

The House of Representatives passed resolutions to the memory of Chas. O. Tyrrell of Massachusetts; Walter P. Brownlow of Tennessee; Wm. W. Foulkrod of Pennsylvania; Samuel L. Gilmore of Louisiana.

The Senate joined in resolutions to the memory of Jonathan P. Doliver of Iowa; Samuel D. McHenry of Louisiana; John W. Daniel of Virginia, and Alex. S. Clay of Georgia.

Although the present session will end on March 4th, and much of the intervening time will also be lost on account of the holidays, it is expected the session will be productive of an unusual number of sharp legislative and forensic clashes.

A fight over the speakership may develop, and occupy much valuable time. The President's message is the first important business scheduled, and reports from various departments will be received. President Taft will probably send a special message later in the session. Committee appointments will be made before the holiday recess is declared. Little actual results are expected until January 14, when the holiday recess ends.

Lafayette Young of Iowa; Joseph M. Terrell of Georgia; Claude A. Swanson of Virginia, will be sworn in as senators tomorrow. In the house the oath will be administered to J. M. Young, of Texas; John Mitchell, of Massachusetts, and Z. D. Massey of Tennessee.

APPROPRIATIONS WILL BE  
CHIEF BUSINESS OF SESSION

For the next ninety days there will be a struggle to put in the form of enacted legislation the score or more of Republican projects which must be disposed of before the recently elected Democratic house comes into being one year hence.

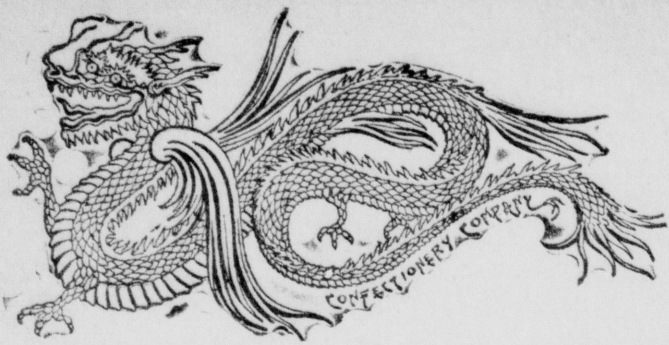

There has been talk of an extra session of the new congress, but the face of President Taft is determinedly set against any such proposition. He declares that business needs a rest. Considering the brief period of time that the present congress has to live, therefore, and the vast differences of opinion that exist among Republicans and Democrats alike, the best judgment of the leaders, on the eve of assembling, is that little but the big appropriation bills will be passed at the short session.

The task of putting these through is big enough in itself. A big fight is looming up over the fortification of the Panama Canal, for which the money will have to be appropriated now if the fortifications are to be completed when the canal is over.

Another fight is over the naval appropriation bills calling for two more battleships.

Then there will also be smaller fights over the remaining supply bills, for President Taft has issued an edict that all expenses must be cut down, and the congressmen who insist that the country has permanently gone on a billion dollar basis will insist, with an their strength, on getting through the appropriation bills in which their districts are particularly interested.

## CAN'T AGREE OVER RIGHTS

Hemstreet, Not Taken Into Division, Engages in Fight With Shafer

Newport News: As a result of a disagreement of long standing over the right to seine near the wharf, C. S. Hemstreet and R. J. Shafer met in a fierce fist fight on the beach Wednesday evening. The seining crews of Shafer, Stauss, Dixon and Williams & Schwall divided the choice haul next to the wharf up half a day about, Hemstreet being left out of the agreement. Nearly everyone in this part of town has an opinion to express on one side of the other of the controversy, but in our opinion the end of the argument would be better than either side of it.

F. W. Beckwith's prize bulldog, Frisco, was a victim of a rock from the hand of an enemy Thanksgiving day. The missile struck the dog over the eye, fracturing its skull. Mr. Beckwith had a veterinary surgeon come down from Santa Ana who saved the dog's life by putting it under the influence of ether and operating on its head.

An extra heavy run of mackerel was around the wharf Friday morning and several parties caught over a hundred. Capt. Green did not weigh his catch but estimated it at 50 pounds.

A huge black-fish, a species of whale that feed upon porpoise, was around the wharf Friday. Several pieces of artillery were trained in its direction but it gave no evidence of being shot at.

### A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure, very severe, quiet, non-chronic coughs, bronchitis and nervous troubles, and chronic sore throat, with the exception of acute coughs. It is not so effective in the lingering hangover coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time. Its action upon feeble, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood, curing blotches, pimples, eruptions, scrofulous swellings and old sores or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

## THE IMPORTANCE OF

## Pure Milk

This is a matter to which high authorities throughout the land have been giving much attention. Pure food commissions, health officers and many philanthropic citizens are devoting much time and money to the betterment of conditions in the milk supply.

Santa Ana people have, fortunately, no need for worry along this line. No more sanitary or better conducted dairy exists than the model one here at home. Come out any day and see for yourself.

## Santa Ana Jersey Farm Company

PROVING TOO MUCH

All sections of the South have always been very slow to take up with reform measures, except as they came in upon them through their populist annex of some years ago, woman's suffrage being especially obnoxious to practically all of that great section. In view of this fact the recent movement in Louisiana to grant the ladies the right to positions on school, charitable and correctional boards should be full of encouragement to the leaders of the cause. The States of New Orleans, one of the leading papers of the south, in supporting this innovation, makes it very clear that there is no thought of going to the extreme of full citizenship. We shall be surprised who are engineering this reform ladies who are engineering this reform do not find in the following statement of The States' case the very argument on which they hope to secure all they ask:

"The States has not and does not favor the principle of woman's suffrage. But a distinct difference exists between arming women with the ballot and making her eligible to hold certain public offices which she is peculiarly qualified to fill. To the proposed amendment, therefore, we see no tangible objection, but on the contrary a potent and convincing argument for its submission and ratification by the people; and we trust the women may be successful in crystallizing public thought in its behalf.

"The women of Louisiana are not only numerous but in many cases large taxpayers, and wherever they have been called upon to vote as property holders upon projects involving public improvements, they have uniformly stood for the advancement of their communities. They are intimately and helpfully, though unofficially, identified with the public education movement. They manifest a deeper interest in the administration of the schools, both in city and country, than the opposite sex and not only would their service on school boards be valuable from the practical experience and knowledge they would bring to the discharge of their duties, but they would exert an uplifting and purifying influence over the system. It follows as a matter of course that there is a function they could also serviceably perform on certain charitable and correctional boards, and the state at large and their own local communities could not fail to be benefited if they were drafted into these stations."

The States evidently does not mean it that way, but we fail to see why this able and convincing argument does not apply with as much force to any of the duties of citizenship as to membership on the boards mentioned. The ladies, however, will be found to be abundantly able to take care of that portion of their case.

NO FUTURE SPEED LIMIT

The recent talk of specialists regarding the speed possibilities of the future recalls vividly to mind the predictions of German scientists, no more than eighty years ago, when they declared that all who rode on railway trains or were passed by them would certainly go crazy because of the speed. The speed which caused so much alarm in their minds was no greater than that expected of a slow freight in these days, and yet our leading railroaders are figuring on doubling the space devouring capacity of the modern express. They are free to admit that no such improvement can be made with the present equipment and roadbed, but they are by no means dependent.

With the perfect rotary engine and a model roadbed, present limitations would disappear and the possibility of making the trip from Chicago to New York between lunch and dinner would undoubtedly become reality. There are still a great many people who fail to realize the great gain expected to come from this speed acceleration, but they can be safely passed as belonging to the old fogies who have never been able to understand the joys of running their neighbors down with a high power auto. It would seem from the present outlook that there was no real limit to the speed possibilities of the future, but it may be necessary to find one if the prediction of those old-time Germans is not to be finally proven true.

It is only a question of time when the railroads are bound to get the better of the traveling public, no matter how elastic the concerted conscience of that public may be. One Eastern street railway, growing tired of the constant discussion over the age of children, has decided to charge according to height in place of years and has painted a line across the ends of its cars forty-five inches from the floor. Now when there is any dispute as to the liability of a child for fare it is only necessary to stand it up in front of this line and there is an automatic settlement of all differences. It is said that the adoption of this device has already added hundreds of years to the life totals of that community.

Several of the more important of the European countries are considering very seriously the establishment of penny postage throughout the world. A commission has been appointed to work out a scheme for the adoption of this reform between England and Belgium and the members are said to be greatly encouraged over the reception they have been given. There is a strong sentiment in favor of the reform all through England, and France is said to be almost as strong in its support. This country is working slowly in the same direction so that the especial advocates of the reform may be pardoned if they are somewhat elated over their present prospects.

There may be something worthy of note by the smaller cities of the country in a decision recently secured by Chicago against some of the property owners along her streets. That city undertook to secure additional funds for street repair work by charging rental on the excavations made under sidewalks by some of the large establishments. The owners secured an injunction forbidding the collection of this rental, but the injunction has just been dissolved by the Supreme court. Here is an opportunity for increased revenues which many cities are missing entirely.

If the price of coffee continues to advance those who lived in war times when rye coffee was all they could get, may have the opportunity to again taste the delights of that beverage.

He mortgaged the farm to set his son up in business in the city; the son failed and now the sheriff has the farm.

SIERRA MADRE TO HAVE ELABORATE FLOWER SHOW

SIERRA MADRE, Dec. 5.—One of the most elaborate of the Southern California spring flower shows is now being planned at Sierra Madre for April 20, 21 and 22. The Sierra Madre Women's Club has taken up the idea of giving a flower festival with the Board of Trade.

From the Women's Club a committee, including Mrs. C. W. Mitchell, Mrs. E. H. Lettau and Mrs. W. J. Lawlor, has been named, while the Board of Trade committeemen are C. W. Mitchell, C. W. Jones, president of the city trustees, and Louis Dietz.

SOUGHT QUIET WATERS TO "BORESIGHT" GUNS

SAN DIEGO, Dec. 5.—To enable her gunners to "boresight" her big guns the cruiser California, flagship of the cruiser fleet, now at anchor off Coronado, steamed into the inner harbor yesterday morning. The task of bore sighting can be best performed in quiet water, hence the move from the outer harbor.

COLOSSUS BABY BOY IS CALIFORNIA PRODUCT

CHICO, Dec. 5.—A baby boy, weighing an even seventeen pounds, arrived at the home of Mr. and Mrs. Charles Kerr yesterday. Several physicians of this city are authority for the statement that the new member of the Kerr household is the largest infant ever born in California.

ENGLAND VOTING FOR THE LIBERALS

Rioting and Violence Marks Election Over the Entire Kingdom

LONDON, Dec. 5.—Rioting and violence in many parts of the United Kingdom marked the third day of voting. Today ballots were cast in sixty-seven constituencies. Various charges of fraud were filed. Both sides claim to have discovered fraudulent registrations, and that many names of dead persons on the registers, were voted. There is no longer any doubt that the Liberals and their allies are in control. At the beginning of today's voting the totals stood: Conservatives 80, Liberals 58, Laborites 8, Nationalists 14.

SOUTHERN STATES CENSUS  
WASHINGTON, Dec. 5.—The population of Mississippi is 1,797,114, according to a census bureau announcement. Kentucky's population is 2,289,905. The population of North Carolina is 2,206,287. Mississippi's increase is 15.8 per cent; Kentucky's, 66; North Carolina's, 16.5. Each will get one additional congressman under the present method of apportionment.

PROF. CRANSTON IS TO PRESIDE OVER S. CAL. INSTITUTE

Superintendent of City Schools J. A. Cranston has been notified that Prof. Mc Pherson of San Bernardino, president of the Southern California Teachers' Association, is very ill, and that, as first vice-president, Prof. Cranston will be called on to preside over the coming institute of the association, which will convene in Los Angeles on Dec. 22, continuing for three days.

As this is the most important educational meeting of Southern California taking place during the year, embracing as it does the activities of the 3000 teachers belonging to the association, the position of presiding officer is one of responsibility, calling for executive ability, preparedness, and a comprehensive view of educational matters.

That Superintendent Cranston possesses to a marked degree all of the qualifications necessary to ably fill the place, is well known, and the success of the institute, as far as it depends on the presiding officer, is assured beyond a doubt.

A strenuous three weeks lies before the Santa Ana educator, as not only does he have his usual duties to keep in hand, as well as preparing himself for the details of presiding over the Southern California Teachers' Association, but he is first vice president of the Orange County Association and will assist in the work of the county institute to open here on Dec. 19.

**BABIZE STUDIO OF MUSIC AND ART**

—What shall I get for a Christmas present that will not only be a pleasure to the recipient, but of lasting benefit as well? Among the many things shown in the shop windows of Santa Ana none could be better or more appropriate than a Violin, Mandolin or Guitar. We have them and good ones, too. Let us show you our beautiful toned string instruments. Possibly a term of lessons, a nice music roll or a fine collection of music for your favorite instrument would be just what you want. Come early and get your pick of the lot. Don't forget we carry as fine a line of music as you will find anywhere outside of Los Angeles. Let us supply your musical wants.

The Studio of Music and Art, 415 North Main street.

**Society****Week End Events**

Miss Mary Hamaker was hostess at a charming housewarming party last Friday night, the guests arriving in the guise of little folks. Refreshments were found in tin lunch pails and proved almost as good as in the days when the "grown ups" were children in reality. As a matter of course the evening was spent merrily, as this hieing back to childhood days always seems to help us dodge Dull Care for awhile.

Miss Hamaker's guests were Prof. and Mrs. B. F. Beswick, Mrs. Churchill, Misses Alice Frazier, Fannie Pease, Luvicy Carter, Barclay, Isabel Churchill, Hossier, Blanche Collings, Phyllis, Nash, Shrewsbury and Mary Rice of Los Angeles.

Mrs. Seistel of Los Angeles was the honored guest at a pleasant family dinner given on Friday evening at the home of Mr. and Mrs. F. W. Weissman, who gave the dinner to celebrate the seventy-third birthday of Mrs. Seistel, who is their aunt. Chrysanthemums and smilax were used in table decorations and covers were laid for the guest of honor, Mr. and

Mrs. Weissman, and Mr. and Mrs. Peter Opp and family, Mr. and Mrs. Trang and family, Miss Herman of Buffalo and Mr. Weissman's mother, Mrs. C. A. Weissman of Los Angeles.

The Ladies' Aid Society of the First Presbyterian church held a successful sale of books at the home of Mrs. Chas. Kendall, a Woman's Exchange being a unique feature of the event. A social hour and refreshments followed the more business-like features of the occasion.

The Swastika Class of the First M. E. church met at the home of Mrs. Winans on last Saturday afternoon. Leola Lindsay and Hester Robbins were hostesses for the month of December.

The members of the club took with them their Christmas sewing and after a social hour and a business session, delicious refreshments were served in keeping with the Christmas season.

The two-act temperance play that has been under rehearsal for some time by the Santa Ana "Y's," and which was to have been produced at the next regular meeting, that was to have been an open one, has been postponed until Christmas week owing to the revival meetings now going on at the Methodist church. South, under the auspices of the Fishermen's Club of Los Angeles. Two of those in the cast of the play are actively engaged in the revival meetings.

**Sunday Noon Dinner**

Mr. and Mrs. Geo. Lentz, 802 G street, entertained at 12 o'clock dinner yesterday. Their guests were Mr. and Mrs. Carl Sloan, Mr. and Mrs. Robt. Bearhope, Mr. and Mrs. Fred Stillings, Mr. and Mrs. Samuel Preble. The dinner was a sumptuous three-course home affair and the house was beautifully decorated in roses.

**Pepito Arriola**

From a Pasadena paper is taken the following concerning Pepito Arriola, who plays at Spurgeon's Hall Wednesday night, Dec. 7: "Pepito Arriola, the boy wonder pianist, has been creating a sensation throughout Southern California. Last year this wonder boy of the pianistic world came to America heralded as the one prodigy of Spain

and Germany, who contained in the frame of a boy the mature mind of a master of his chosen instrument. In Germany he was spoken of as the 'reincarnation of Mozart'; in Spain, as 'the child who had been visited and touched by angels'; in London, a 'sane boy with a man's mind, a touch of down and sinews of steel.' 'Possibly it is his manly way, his uneffected demeanor, his artistry, his youth, or his splendid phrasing that secures these results. Nevertheless he is considered the equal of Hofmann, Bauer, Parlow, Blumfeld, Zeisler and other modern virtuosi.'

**Recent Lodge Elections**

The Fraternal Brotherhood has elected the following officers for a six months term:

President—J. M. McGlothlin.  
Vice-President—Mrs. H. A. Huntington.

Chaplain—Zaide Lambert.  
Treasurer—N. L. Galbraith.  
Secretary—Helene Galbraith.  
Sergeant—Floyd Mitchell.  
Mistress-at-Arms—Miss Cora Huntington.

I. D.—Willhelma Pfeiffer.  
O. D.—Allen Schreff.  
Physicians—C. D. Ball, John Wehrly, J. M. Burlew, J. I. Clark and Willela Waffle.

Trustees—Jas. Ryan and Arthur Anderson.  
Finance Committee—Geo. Ketscher and Laurence Stevens.  
Musician—Miss Ila McGlothlin.

Santa Ana Lodge, No. 236, I. O. O. F., has chosen the following officers: N. G.—E. F. Waite.  
V. G.—I. C. Jenkins.  
R. S.—Harry Spencer.  
F. S.—W. J. Morrison.  
Treasurer—W. W. Chandler.  
Trustee—B. Uttley.  
The officers will be installed early in January.

Orange Chapter, No. 73, R. A. M., elected the following officers:

H. P.—W. V. Whitson.  
King—F. W. Winslow.  
Scribe—R. V. Corbett.  
Treasurer—E. B. Smith.  
Secretary—G. A. Whidden.

**PERSONALS**

Mr. W. S. Rose spent yesterday in Monrovia visiting his wife and daughter who are spending a month in the mountain city. Mrs. A. G. Finley is with Mrs. Rose.

Mrs. W. N. Baker and her daughter, Mrs. George Parr, spent today in Los Angeles. Mrs. Baker will leave on Wednesday next for Merced, where Mr. Baker has preceded her. They will spend the winter in that city.

Mr. and Mrs. R. H. Sanborn and Miss Hyatt have gone to Los Angeles to spend December, leaving last Wednesday. They are quartered at the Maryland, 546 South Grand avenue.

Rev. H. E. Murket visited the city this morning.

Rev. W. L. C. Samson was a ministerial visitor to Los Angeles this forenoon.

Mr. and Mrs. R. S. Marple have returned from a several days' stay at their cottage at Bay Island.

A. C. Gerrard was among the business men of Santa Ana visiting Los Angeles this morning.

Chas. Kelley was a passenger on the 8:35 car for Los Angeles.

Misses Blanche and Lulu Minter returned Sunday afternoon from a two months' Eastern trip. They visited in the state of Illinois, and in the cities of Philadelphia, Washington, D. C., and St. Louis.

Mr. J. T. Wool was called East Saturday night by a telegram announcing a serious accident to his only brother, Mr. Wool left Sunday morning with little hope of the brother's recovery.

Leon V. Shaw of Oakland, was in the city for a few hours today in the interests of state C. E. work.

Richard Marple left today for Los Angeles, where he will take a special chemistry course at U.S.C. Mr. Marple was night chemist at the Southern California Sugar factory during the past season, being prepared for the position by having taken chemistry work at both Armour Institute and Northwestern University, Chicago, during two years previous.

Mrs. R. M. Morrill, Mrs. George Wilbur and Miss Ida Nay spent today in Los Angeles, having a most enjoyable time in the city.

Mrs. Elmer Burns and Miss Ethel Roper attended a meeting of Nills

You'll bring joy unalloyed to "his" heart if you give him a smoking jacket for Xmas—especially one of our warm, comfortable, well-made ones that cost but \$5.00 to \$9.00

Other sensible, excellent gifts are: Fancy Vests, Sweater Coats, Sweaters, Pajamas, Bath Robes, Neckwear, Gloves, Shirts, Sox, Collars, Silk Handkerchiefs, Scarf Pins, Cuff Links, etc.

Honestly, if you wish to escape all "brain fog" as to what will please him best, pay us a visit and buy him something of the above.

**Vandermast & Son**

College Alumni today in Los Angeles.

Miss Emmeline Petersen sang at an Ebell Club meeting this afternoon at Long Beach. Tonight she will sing at an Eastern Star installation at the beach city. Miss Petersen's singing, reinforced by her pleasing personality, has won her many friends abroad as well as at home.

Mrs. John Taylor made a trip to Los Angeles this morning to meet her husband, who returned today from an extended business trip in the East and Middle West. Mr. Taylor annually represents the Taylor cannery in those sections, placing big orders for the superline canned fruit turned out by this Orange county institution.

Aviator Glen Martin visited Los Angeles this morning.

Miss Anna McFadden spent the week end at home, returning to Cummock this morning.

Alfred Perry of Los Angeles, visited friends in Orange and Santa Ana Saturday night and yesterday.

Dr. George B. Knights of the Redlands University, who filled the pulpit of the First Baptist church yesterday, both morning and evening, was the guest of the G. P. Hills over Saturday night, accepting the hospitality of the Z. B. Wests on Sunday.

R. Munselle, who recently bought the S. P. Tressler studio, halls from Centralia, Ill., and was accompanied here by his mother. The Munselles will reside at 312 Halesworth street.

On Saturday afternoon, Mrs. W. S. Cutler and her daughter, Evaline, the latter having been ill in Los Angeles for several weeks, passed through Santa Ana on their way to Escondido, where the Cutlers are now residing.

Miss Caroline Cutler, who spent Friday night and Saturday forenoon here with friends, joined them on their return home.

Mrs. Isabelle Tucker went to Pasadena Saturday with her mother, Mrs. Casebeer, who has been visiting here. Mrs. Tucker will return home the first of this week.

Mr. and Mrs. A. F. Hallstrom returned Saturday from Arizona, where Mr. Hallstrom is in the government service. They will spend the holiday season here before returning to Arizona.

Ben Reislund has returned from a visit to his parents' home at Hemet, where he went to attend his sister's wedding.

—The ladies of the Episcopal church will give a bazaar and dinner in G.A.R. Hall, at noon, December 7, dinner 35 cents. Bazaar will be held during entire afternoon. A Japanese cup and saucer given with a cup of tea for 25 cents. During the afternoon and evening ice cream will be served and in the evening a musical program will be rendered.

**Card of Thanks**

To the kind neighbors and friends for the many words and tokens of love and sympathy tendered because of the death of the husband and father, Mr. H. D. Woodward, grateful thanks is extended by Mrs. H. D. WOODWARD, and Family.

**To Fraternal Aid Members**

—The 6:30 supper for Wednesday night is postponed. Election of officers and regular meeting will be held.

D. N. KELLY, President.

—Just received several cars of Imported Texas red oats, guaranteed; also offering cleaned local foothill Texas red oats and fine plump seed barley. Buy before rainy season advances all seed. For quotation ring up Olive Milling Co., Sunset phone 911 through Orange exchange. "Patronize Home Industry."

Chevaliers Attention  
—All Chevaliers are requested to be present at I. O. O. F. hall Monday evening, Dec. 5. Inspection and election of officers. Full dress uniform. R. SQUIRES, Captain.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110½ East Fourth St., Santa Ana. Both Phones.

—Bazaar and dinner at G.A.R. Hall, Dec. 7, by Episcopal ladies.

We would advise you not to delay purchasing your tickets for the Arriola concert on next Wednesday evening if you desire very choice seats.

The boy is a wonder. Those who marveled at his playing at his first concert here are going again. Pepto's concerts furnish incentive and stimulus to all young music students, as we saw evidenced in numerous cases among the Conservatory pupils who heard him.

Mr. Behymer has written me that he will grant students rates for Emilio de Gogorza's concert in Los Angeles tomorrow (Tuesday) night. This artist is recognized as one of the greatest, if not the greatest, baritone before the public. All Conservatory students wishing reduction advantages call at Conservatory office.

**NEW COUNTRY CLUB HAS FILED ARTICLES**

Placentia and Anaheim Residents Form Corporation to Hold Mountain Land

Articles of incorporation have been filed with the county clerk by Attorney Melrose of Anaheim for the Weesha Country Club, which names Anaheim as its principal place of business. The corporation is a "non-profit, co-operative" organization, formed to hold and enjoy some fine mountain scenery in the San Bernardino mountains. The property is described as government lots 1, 2 and 4, section 14, township 1 north, range 1 west.

The incorporators are C. C. Joseph, Maud and John Wagner, H. H. Hale, A. L. Porter, A. S. Bradford and William Berkenstock of Placentia; B. V. Beebe, P. J. Weisel, C. E. Holcomb and G. W. Sandilands of Anaheim.

**HE WAS DRUNK AND DOES NOT REMEMBER**

Loreto Garcia, arrested by Officers Cervantes and Boynton Friday night, says he does not remember that he beat his wife and attempted to harm his 13-year-old step-daughter. He told Justice Smithwick this morning that he had been drinking Friday and may have done all that it is said he did do, but Garcia wants to hear what those who were there have to say. So Garcia's trial is set for tomorrow afternoon at 2 o'clock. Garcia is charged with battery.

### Santa Ana Savings Bank

under one management.

## EUCALYPTUS TREE HAS ITS ENEMIES

Wood Borers Invade Redlands

Trees in Vicinity of New University

REDLANDS, Dec. 5.—Wood borers have been discovered in eucalyptus trees on the University of Redlands campus and on private tracts in that section. Prof. George Robertson found the pests when investigating the killing of many trees in that section. As a result the trees are threatened by a pest that has caused immense damage in Australia, and from which it has been supposed that California was free.

Prof. J. C. Bridwell of the University of California, who is in charge of the work of "Forest Entomology," inspected the larvae of the borers and says that the situation confronting eucalyptus culture is serious. He says that eucalyptus trees have not been imported from Australia for fear of wood borers, only the seed being brought to this country.

Prof. Bridwell says that the only remedy is to cut into the trees and pull out the larvae. Chemicals, he says, are not satisfactory. A sharp wire inserted in the holes made by the borers will spear them and they can be pulled from the holes and killed.

## Constipation

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you, I am free from all that this morning. You can use this in behalf of suffering humanity." B. F. Fisher, Keosauke, Ill.

## BOTH ROAD HUNTERS AND CLUB HUNTERS HAVING GOOD SPORT

Los Angeles Times: It is a stand-off between the gun club members and the road hunters of Orange county as to which is getting the most sport out of the duck season. The road shooters admit that they are not getting as much game as those who have the privilege of the preserves, but some of them assert that they are having a little more of the fun.

H. Slatter of Smelter says that the hunters who are shooting on the highway keep busy cursing the gun club men as they travel back and forth from the city to the club grounds, and that the latter spend most of the time when they are in their clubhouse trying to devise a way to keep the "greenhorns," as they call them, from scaring the ducks away from the preserves.

The nimrods that are working the roads are having considerable success around the clubs that lie well inland. The ducks generally leave the ocean flying high, but when they get a couple of miles from the shore, especially in the morning, when they are looking for feed, they fly low, and good bags are being taken on the highways in some of the districts almost daily.

The great trouble is that many of those shooting on the road are inexperienced duck hunters and keep banging away at every flock of birds that go over, even though they are far out of range. The unnecessary noise spoils lots of good sport, as ducks behind these shots immediately take a higher altitude.

### Law in Orange

There is a rumor that the club men of Orange are going to unite in trying to get the county supervisors to pass an ordinance that will keep the hunters off the roads. Most of the members of the clubs are residents of Los Angeles county, and it is thought that the Orange county officials will buck if the ordinance is put up to them. The county is mostly a farming district, and nearly all of the grangers keep a shotgun for rainy days.

A few years ago, when the ground now occupied by the gun clubs was idle, being used only for pasture, and anyone was welcome to hunt on it, there would have been little opposition to the prohibiting of shooting on the roads, but now that all of the sloughs that the ducks frequent are inclosed in preserves, it is not likely that the farmers would take kindly to having their only shooting ground taken from them.

## MOST SEVERE COLD IS EASILY BROKEN

Surely Cures a Cold and Ends Grippe Misery in a Few Hours

—Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

### BALBOA NEWS BUDGET FROM NEWPORT NEWS

Miss Ida Preston of Los Angeles occupied her home over Sunday.

Nearly all of the spare boats were stored away under the pavilion Thursday.

S. A. Bulls of Los Angeles has his new house on Central avenue nearly completed.

G. J. Sellstad will shortly begin the

There have been a number of complaints by the gun club men that the road shotgun enthusiasts are abusing their privileges by paying no attention to teams on the roads. It is thought that those guilty of this negligence are not residents of the community, but youths from Los Angeles who are not used to the ways of the country and seemingly do not realize that the majority of horses are afraid of the report of a gun.

"Pete" Denzel of the West Shore Club, says that a number of the hunters are going after game too early in the morning, there being several who were shooting ducks in the vicinity of the club twenty minutes before sunrise Wednesday morning.

### Hunting Poorer

The duck hunting in the middle of the week was not quite as good as it was Sunday, the game on the majority of clubs not being as plentiful as earlier in the week. Widgeon are scarcer. Mallards continue to arrive daily. The crops of many of those killed are found to be filled with lima means, showing that they either feasted in the fields of Ventura county on their journey here or visited the ranches between Los Angeles and Santa Monica.

The local sports have given up the idea of petitioning the Federal government in the matter of protecting the rookeries in Alaska. Some of them claim that the decreasing number of ducks coming south each year is due to the raids made on the eggs in the Alaskan nesting places. Thousands of cases are gathered annually and shipped to the big baking establishments where they are used in the making of pastry, and to photo supply houses. It is claimed that the proper Federal authorities have been advised of the practice and have promised to look into the matter.

The recent cold weather has served to bring down quite a number of jack snipe from the North and some of the duck hunters have turned all their attention to bagging them on the hunt days of the last week. B. M. Smith and Judge H. H. Rose both got the limit on the Alamitos Club Wednesday and one limit was taken on the Bolsa Chica.

Members of the Aliso and the San Joaquin Clubs, located near the Irvine ranch in Orange county, say that a number of geese have come to their preserves during the last week and that a number of the club men are planning to have wild goose for Christmas.

erection of a residence next to the Robinson cottage.

Thomas Daly was relieved of his position of foreman of the asphalt crew Thursday.

E. J. Gilliland and son, Gay, were here from Riverside the first of the week looking after their property.

Rev. Healy and daughter who have been spending six weeks here, have returned to Los Angeles.

Isaac Polhemus occupied his house over Sunday, coming down from Los Angeles with his family.

Frank Ekman took Mrs. Barrow-French's launch, June Bug, into the bay over the bar the first of the week.

Robert Boswell has a force of men at work putting in cement curbs and sidewalks on Palm street. The street will also be filled with dirt and oiled from Central avenue to the ocean.

W. A. Thornton changed his mind about having his part of the street work done on Main street and there is a solid street of asphalt from the wharf to the pavilion. It would have been a fine thing to have widened the street at the same time as it is badly congested with automobiles in the summer time, but some of the interested parties could not see it that way.

### GUARANTEED PILE CURE

Backed by Your Leading Druggist. If you have any kind of piles, get a box of Dr. Leonhardt's Hem-Roid at Rowley Drug Co., Santa Ana, on the money-back plan.

Hem-Roid is made from Dr. Leonhardt's own prescription—a tablet medicine, taken internally and cures thoroughly by removing the internal cause of piles, something that suppositories, ointments or cutting operations will not do.

\$1 for large bottle which lasts 24 days. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet. 3

### LOS ANGELES PRODUCE MARKET

Business has not yet recovered from the reaction following the tremendous activity of the week preceding Thanksgiving Day. A few average sales have been made on the Produce Exchange, but practically nothing has been done on the street. Those who found their stocks greatly depleted have been laying in supplies of fruit, vegetables and nuts. A large shipment of pineapples from Hawaii was reported in. They were of the best stock and sold at 8 cents a pound. Strawberries have again invaded the market, selling at 6 and 7 cents a box. Persimmons brought from 1.25 to 1.75 a crate, according to size. Red Emperors are selling at 1.00 a lug box—a trifle below the listed price—and Malagas at 1.50, or 15 cents above the quotation. A shortage of lettuce was reported, but the price was not advanced. Celery brought 2.50 a crate and Christmas cantaloupes 25 cents less. Hothouse cucumbers are making their first appearance on the market. They are selling at 1.25 a dozen. Local dealers have been shipping celery and grapes to Oregon and Salt Lake City.

The price of local eggs advanced 1 cent, making new quotations of candied 42 cents, and on case count 38 cents a dozen. The San Francisco quotation has dropped 1½ cents, making it 45½ cents on the best stock. There was a good demand for local eggs. They sold at 38 cents on 'Change. Receipts were 71 cases. Arrivals of butter were 8576 pounds. There was no change in the listed price of this commodity. Prices throughout the east and on the coast are steady, and several points lower than the Los Angeles quotation. An increase of ½ cent is reported in New York.

Cheese receipts were 4546 pounds. The market is firm, and there is a

steady demand in Oregon twigs. There was no change in prices. The potato market was firm in all grades, with no changes in quotations. An advance in prices is expected soon. Receipts of spuds were 4320 sacks.

With no receipts reported for today and yesterday, and light arrivals the past week in the onion market, prices have taken a decided jump. Oregon advanced 10 cents on the 100 pounds, and Nevada 25 cents, making the price listed 1.85 for the former and 2.00 for the latter. Garlic rose from 7 to 8 cents to 8 to 10 cents per pound.

Sweet potatoes still maintain their high price of 1.60 to 1.75 per 100 pounds. There was a good demand for sweets. Arrivals were 197 sacks. There were no bean arrivals reported. Receipts in this commodity have been very light, and owing to the fact that the demand is very slight, the price has not advanced.

Apple receipts were 580 boxes, with no change in prices. The market on bellefleurs steadied up well. The market was firm. There were no changes in the fish situation, barracuda being the only fish on the market.

There was an increase in the wholesale price on poultry. Broilers advanced 6 cents, making the quotation 27 cents. Old roosters are listed at 16 cents. Geese and ducks advanced 5 cents each. The quotations are, geese, 23 cents, and ducks 25 cents. Turkeys remained the same, 26 cents.

## DIRECTORY FREE

The Rowley Drug Co. and J. H. Padgham & Son, jewelers, have purchased 2000 directories of Santa Ana, the latest edition, and will present them to the residents for use in the home. This directory is more complete than any other. It contains 1344 more names than any other directory of Santa Ana. It has a complete street and avenue guide, also a householders' guide which gives the number of every building in the city and the occupant. There is no directory in the state that will compare with it in any way favorable. You can have it by calling at either of the stores of the Rowley Drug Co. or J. H. Padgham & Son and leave your name and address. Do not delay but act promptly.

## MONOPLANE IS TO BE BUILT

Glenn L. Martin May Put Mechanics on to New Flying Machine

Biplane Will be Used in January Meet Whether or Not Monoplane is Finished

Glenn L. Martin, the local aviator, may have a monoplane built and ready for flying in the January meet

at Dominguez field. Into this monoplane Martin will incorporate a number of patents of his own. The particular feature will be mechanical arrangements for automatic lateral stability. Martin had not expected to commence on the monoplane until after the meet, but recent developments have about changed his mind.

Martin will keep his biplane, which he has done a good deal of successful flying, and will use it during the meet. He will use the same engine, a 30-horse power, for both machines. The engine can be transferred from one machine to the other with a few hours work.

The engine and propeller used by Martin in his flights from McFadden's pasture two weeks ago are now on exhibition in the window of the Martin Motor Car garage.

## POLICE COURT HAS NINE TO DEAL WITH

Umbrella Man and Phoney Diamond Ring Peddler do Some Tall Talking

Saturday night was a big harvest night for the gatherers-in of hoboos and suspects. They were before Justice Smithwick this morning with various stories to tell.

The first bunch brought before the judge were arrested in the dark east of the Walnut Association packing-house at midnight Saturday night by Officer Cervantes.

Charles Lynch said he had been at work here with an "associate" recovering and repairing umbrellas. He took a trip to Los Angeles, and got back Saturday night. He was looking for his "associate," and said he was just returning from Orange when he was arrested.

Albert Jarrette had a lot of phoney diamond rings in his pocket when he was taken in. He glibly and with great assurance declared he was discharged for disability by Uncle Sam, that he had a profession of peddling and he was going to San Diego to follow his profession.

Cervantes testified he had seen Jarrette coming out of a shed of the packing house.

Both these men were found guilty of wandering about at late and unusual hours of the night, and each was sentenced to ten days.

T. O'Neil proved to be an old miner crippled up with rheumatism, and he was sent on his way.

J. Barnes, arrested in the Commercial Co. shed, said he was a stone-cutter, out of a job and broke. To make certain that Barnes would go forth and hunt a job, the justice suspended a 20-day sentence.

Jose and Miguel Perez, Mexican laborers, said they had been working for the railroad and thought box-cars were anybody's sleeping place. The commitment was withheld.

Thomas O'Brien, Fred Morey and Bert Harper got ten days apiece. They were freight train passengers, and were handed over to the local police by a special officer.

Ice cream and cake served afternoon and evening at Episcopal ladies' bazaar, Dec. 7, at G.A.R. Hall.

Japanese cup and saucer given with a cup of good tea for 25 cents, at the Episcopal ladies' bazaar, Dec. 7, at G.A.R. Hall.

## GOT FIFTEEN DAYS FOR FOUR SOCKS

Jose Casillas Pleaded Guilty to a Charge of Petty Larceny

Jose Casillas is to serve fifteen days in the county jail for stealing two pairs of woolen socks from a clothes-line near the Santa Fe depot. Casillas was brought back from San Diego, where he served ten days for vagrancy. He was suspected of burglarizing a section-house, but he denied the accusation, but readily admitted the theft of two pairs of socks in his possession.

### RECORD WEEK FOR ORANGE SHIPMENT

Redlands District Opens Season With Consignments of 62 Cars

REDLANDS, Dec. 5.—All records for orange shipments for the first week of any season were broken in the Redlands district the past week, when consignments totalled sixty-two cars, as against four cars for a corresponding date last year. It is expected Redlands will have about 200 cars in the Christmas markets. The fruit is of better grade than any Christmas fruit in the history of the industry here. It is well colored, the peeling smooth and thin and the flavor as good as usually found in the fruit by Feb. 1.

BIGGEST ARENA IN U. S. TO BE BUILT IN NEW YORK  
NEW YORK, Dec. 5.—When President Frank J. Farrell of the New York American League baseball club returns from Hot Springs, Va., in about two weeks, he will award the contract for building the club's new \$500,000 stadium.

The new arena when completed will have a larger playing surface than any other in the United States and will seat more than 40,000 spectators.

—When you want to rent a Vacuum Cleaner call up either phone 68 or leave word at Trickey's Grocery. C. R. Trickey.

—We do prescription lens grinding. Any broken lens duplicated within an hour's time. Dr. Loersch, 116 East Fourth street.

## Christmas Goods at G. A. Edgars

This year we have a much larger stock than we have ever before carried

—OF—

## Cut Glass and China

In China Dinner Ware we carry thirteen open stock patterns from either of which you can select a set of any desired number of pieces. We also have all the special sets and single odd pieces in a variety of designs.

Our stock of Cut Glass is easily the most complete to be found in Santa Ana and includes pieces of all kinds.

## China for Children

Something new in our china for the young folks is our Mother Goose series. The ware is genuine imported china decorated with six different subjects from Mother Goose: Jack and Jill, Little Miss Muffit, Little Bo-Peep, Little Boy Blue, Jack and the Bean Stalk, and Little Jack Horner. There are all kinds of pieces for children beautifully decorated with the above subjects—plates, mugs, mush and milk sets, pitchers, candlesticks, etc.

Don't miss seeing our line of Christmas China.
